Premier Dahlia Gardens

TO OUR DAHLIA LOVING FRIENDS

The name Premier is synonymous with superior stock, sturdy plants and high business principals. We express our thanks and appreciation to those that have given their support and are grateful for the many letters commending our stock, our square dealings and telling of successes with the roots and plants purchased of us. We will continue to render the utmost in service and make every transaction entirely satisfactory at all times.

Here are a few abstracts from numerous letters received:

From Plainfield, N. J.—“I want to compliment you on the highest grade plants I have ever received, the Dahlia garden was the best ever.”

From Charleston, S. C.—“You have sent me without error what I have ordered in every case, and have always given me fine quality.”

From North Carolina—“The beautiful plants received in grand condition. They are the best I ever purchased; Can't thank you enough.”

From Long Island, N. Y.—“Never saw plants in such good condition. The way they were packed they would keep a long time.”

From Brooklyn, N. Y.—“Plants and roots ordered of you are doing finely—Was more than satisfied with results last season.”

From Alabama—“It is a great pleasure to do business with you.”

From Ohio—“I never have received finer looking, better packed plants. They are nice, stocky fellows that carried perfectly.”

From Oregon—“Plants arrived in fine condition with exception of one which was broken. All are growing fine.” Note:—36 plants made up this 1933 shipment, and a subsequent order of 1934 went thru in perfect condition.

From Long Island, N. Y.—“Have just finished digging the plants I received from you and they certainly made fine clumps and I am more than pleased.”

From Bloomfield, N. J.—“Have grown Dahlias for over 20 years, but since dealing with you for the past three seasons I have had new wonderful results, and have won many prizes with the wonderful stock plants obtained of you.”

From Devon, Pa.—“My Dahlias have been very good this season, thanks to your good clean stock, and I will do business with you again next season.”

We use our best efforts to keep our stock absolutely healthy and free from disease by the destruction of “stunts” and by discarding those that do not come true.

OUR GREEN PLANTS are grown so as to give the maximum of results equal or superior to root stock. This is only accomplished by the selection of healthy vigorous roots benched in a moderate heat that will enable us to take stocky base cuttings. Only a reasonable number of cuttings are taken and none used that are spindly. After cuttings are rooted and potted and begin to grow they are moved to cooler quarters and later shifted to larger pots; at this stage small tubers are beginning to form, assuring that clumps will be obtained at digging time; the plants are later hardened off in “outside quarters” so as to withstand shipping and be in condition for planting out.

We have kept our list of varieties limited by retain-

ing a very high percentage of those that are placed on the "Honor Roll" consecutive seasons.

The varieties mentioned herein are of exceptional merit and may be grown to Your Complete Satisfaction, if you will Dig Deep, Cultivate Regularly and Keep Insects Under Control, particularly the leaf hopper. Cultural Instructions for growing "Giant Dahlias" are sent with each order.

(For spraying we use "Evergreen" or "Red Arrow.")

READ CAREFULLY

Terms: Cash with order or 25 % deposit, balance at shipping time. Orders over \$1.00 sent prepaid. In ordering green plants to be shipped further than 1st Zone, add 25 cents for Special Delivery to insure plants arriving in good growing condition. We pay all other charges.

Shipments: Roots, May 1st to June 1st. Plants, May 1st to June 10th.

Guarantee: All stock sent out in first class growing condition, guaranteed to be healthy and true to name and to grow if cared for on arrival and after planting and that all not proving such will be cheerfully replaced upon word from the purchaser.

Notify us immediately if anything is unsatisfactory when received or if root does not start to grow within three weeks after planting. Our roots are field grown, in soil treated with Potash, for the production of exhibition blooms.

READ FREE STOCK OFFER

On retail orders amounting to \$5.00 to \$10.00, you may select **20%** in additional stock free; over \$10.00 **25%** free.

**OUR SQUARE DEALINGS HAVE

JOIN THE AMERICAN DAHLIA SOCIETY

If you are not a member of this great Society you should join by all means. The dues are only \$2.00 the year, which entitles the members to the Bulletin free. The vast amount of useful information published in each issue of the Bulletin is worth many times \$2.00 to any Dahlia grower.

Mr. C. Louis Alling, West Haven, Conn., is Secretary.

GREEN PLANTS

Set green plants so that the earth ball is from two inches below surface of the ground where soil is heavy, to three inches in light soil. If of a clayey nature add sand or ashes, working or mixing well into the soil. Water well and protect from sun for two or three days.

Note—We shade our newly set plants with shingles, pitching them at an angle to afford a better shade, and set in a three-quarter circle with open end toward the North.

1936 INTRODUCTIONS

- MRS. STEPHEN VAN HOSEN (Hunt-Premier) F. D.**—The color is hard to describe; a beautiful blending and shading of salmon, pink and peach, lightening at the center of the massive blooms, 11X5 in. perfect stems and clean tough foliage make an ideal plant that grows about 5 ft. in height. A wonderful exhibition variety. Winner at Camden, N. J. Roots \$10.00. Plants \$5.00
- SARA KAY (Hunt-Premier) S. C.**—A massive long-petaled flower of rich golden yellow. One of the outstanding Dahlias at the New York Show and runner up to Milton J. Cross, in the Achievement Medal Class. 13X6 in. Height 5 feet. Roots \$10.00 .Plants \$5.00
- JOYCE LAWRENCE**—An Australian Decorative that has size, long stiff stems, good form and healthy vigorous growth: color is a rich deep rose with a suffusion of lake; Winner of the Baptist Prize and other classic honors. Height 5½ ft. 8 to 10X5 in. Roots \$7.50 Plants \$3.75
- DARCY 'SAINSBURY**— The most outstanding white Decorative in Australia, and a winner of many champion ribbons; color is the purest white thruout; blooms are deep and massive 10 X 6 in. Awarded a Certificate of Merit at New South Wales. Open growth bushes are 5 to 6 ft. in height. Plants only \$5.00
- AUDREY AMES (Ames-Veile) F. D.**—At last something new in color in the dahlia. A pure ashes of roses. The flower is very large of a true formal type, and the growth, foliage, and perfection of bloom is all that can be desired. Grown on trial in many parts of the country, it has proven its worth. Plants \$5.00
- BONNIE BELMONT (Cochrane-Ruschmohr) S. C.**—A very beautifully formed flower of bright golden yellow, that was outstanding at the New York Show. Plants \$5.00
- CHALLENGER (Chappaqua) S. C.**—Color is a brilliant cardinal red; a vigorous grower and very attractive. Blue ribbon winner at the New York Show where it triumphed over Satan. Plants \$2.50 Net.
- CHARMER (Llyod) I. D.**— 10-12 X 5 inches; 5 to 6 ft. tall; zinc orange around center, then petals of apricot yellow blending to maize yellow. The entire flower is overlaid with a lovely sheen of apricot yellow that glistens in the sunlight. Insect resistant foliage; stiff stems. Scored 86 at Ohio Valley Dahlia Assn. Trial Grounds at Cincinnati, 1935 Plants \$5.00.
- CLARA CARDER (KEMP)**—Mr. Kemp describes this as one of the greatest pink decorative dahlias he has ever grown. On border line between formal and informal, it is in a color class by itself, it being a beautiful shade of clear cyclamen pink, the only dahlia we know of this color; stems perfect; blooms produced in great profusion; size 10 to 12 inches without forcing; a vigorous grower, 4½ ft.; wide spreading and many branched, each branch producing a great bloom without special disbudding and disbranching. First prize winner in the undisseminated seedling class at Detroit and Michigan State shows. 1935 Honor Roll. Plants \$5.00
- CREAM OF GOLD, (Almy) I. D.**—Tall growing bushes bear many 11 in. blooms of rich creamy yellow; straight stiff stems 3 to 4 ft. long hold the large flowers facing upward or at a slight angle. Plants \$5.00.
- GOLDEN MONARCH. (Almy) I. D.**—A dahlia from Africa; color, rich gold with orange-buff suffusion; bushes grow 3½ ft. high and yield many massive
